

How to switch Live view & Playback mode in LiveDemo?

1. Select and click the "Search By Time" on the tool bar.

2. Choose the time and event type which you want to playback, then click "Play".

3. Now can see the playback video on the split screen.

And then ,we can click the “Mode” button on the right side tool bar, the screen will return to Live (photo will see on the next page)
